

A STEP TOWARDS PREVENTATION AGAINST CORONA

Bal Sahyog is making its best efforts in order to prevent the children and the staffs from the pandemic caused due to Coronavirus. The Corona virus has become a world crisis. Therefore Bal Sahyog has applied following measures to keep the children and staff safe.

1. Each work station starting from the entrance gate to every table required has been provided with sanitizer to keep the hands of the staff disinfected.
2. Everyone including the children and staff are being provided with sufficient Dettol hand wash to wash hands very frequently .
3. All the donors and visitors have been asked to help the children with their donations, staying at home by using online measures of donation.
4. Various activities are being conducted in order to increase awareness among Balsahyog staffs and children so that everyone becomes familiar to the pandemic.
5. We have hired extra housekeeping staffs who are continuously working towards maintaining best possible hygiene among children and staffs. The housekeeping staffs are being provided with all required disinfectants like soap, phenols etc. to commit their job at best and also to keep themselves safe.
6. On 20-03-2020 every individual felt honored hearing the speech of the Prime Minister of India, Shri Narendra Modi. And also everyone has decided to go for the “JANTA CURFEW” on 22nd March as urged by the Prime Minister.
