

Mono play on “**MAA MUJHE TAGORE BANA DE**” By Mr. Lucky Gupta

Mr. Lucky Gupta displayed a mono act play on “**MAA MUJHE TAGORE BANA DE**” a beautiful story of a child trying to educate himself in spite of acute poverty on 10th February, 2017. The whole story was presented through a mono act play involving the children and teachers from time to time. The story was about a boy who belonged to economically backward family. The deep interest of the child studies and writing poems force his parents to let him pursue his career. At a time when the boy was about to complete his education, unfortunately he lost his father due to extreme pressure of work in the brick kiln he used to work for.

The whole story depicts the story of a boy who was good in studies but due to lack of opportunities he failed to achieve his dream. Mr. Lucky Gupta has beautifully made the children understand that the children are getting so many opportunities; they should explore the opportunities to achieve their dream.
